“ "Mr. Meili" was my 5th Grade teacher around 19557 or 1958. He has always remained in my memories as one of my favorite teachers. That year our class project was to create a large Tyrannosaurus Rex out of paper mache, I believe for the Science Fair. I was introduced to advanced math in his class and was always grateful for the amazing time spent learning in his class. I am sorry for your loss.

(I just happened on his passing as I was looking for my brother's obituary.)

“ Dear Mary Kay, Launi and Heidi.....
I have very SPECIAL Memories of the whole Meili family. Hal was the Blessing we needed for my youngest son, Kelly. Kelly was a bright young boy with experiences in the 4th. grade that left me frustrated. I Requested Hal for 5th. grade and was able to talk to him before the school year started..... then he requested "one on one" talk with Kelly." Kelly wanted to learn how to build a motor so Hal set up a table in the back of the classroom filled with the parts Kelly would need. This gave him a place to go after finishing his assignments where he could quietly go to the back of room to work on "His Project." I will forever be thankful for Hal and all teachers who go the extra steps to not only make a change in one child's life...but their entire classroom. Hal certainly gave him that opportunity ...to make some necessary changes in his behavior which then led him into the right direction to a very successful career as a Mechanical Engineer at Boeing...advancing far up in the company.
I also remember all three of your children in my Kindergarten classes....bright, sweet and well-behaved! I, too, am proud of Launi's accomplishments and if I remember correctly I think i saw Heidi on the evening news when I was visiting friends near Missoula, Montana. Also remembering Launi on a workout video years ago. Hope my memory is correct! And last....Mary Kay I am thinking of you during this difficult time....what a long well-lived life you two have had. I remember taking classes with you and what fun we had.....You are all in my Heart and I send you much LOVE.
Nancy Vick now.....Nancy Kegley way back then!
