Don's work for the City of Cheney's Public Works Department will never be forgotten as he put his indelible stamp on the successful operations in the Street, Water, Wastewater Collections and Solid Waste divisions. Our heart's go out to Don's family.

*Don was a student of mine in shop classes. I can't say that I remember all of my students but there are some that cannot be forgotten such as the time he welded me in the booth that we used for welding projects. I guess I was his project! He will be missed dearly by all who knew him.*

“ I had the pleasure of working with Don at the City of Cheney. It didn't take him long to start giving me a hard time. He knew I would laugh and plan my revenge. I learned to count on my post vacation packing peanut explosion or the more frequer phone or mouse issue. I have been missing Don at work for the past 6 months and it will never be the same. I will miss him dearly. My heart goes out to the family.
