“ I cannot even begin to put into words what Gale Beedle's friendship has meant to me over the years, I'm now 45 years old and Gale used to let me stay at his house in the mornings to wait for my school bus, back when I was 8 years old and I'm wheelchair-bound due to a birth injury. Delores would sometimes make breakfast for Gale and I. Gale was a very kind and helpful person as was Delores and their whole family. The kind of neighbors every neighborhood in the country needs. I will always miss Gale very very much and my thoughts are with Delores and the kids and grandkids and I share in their grief and sadness. I wish them love and compassion during this most difficult time.

*Sincerely, and on behalf of the entire McDaniel family*

“ Our condolences to you, Delores and to the family.  
Gayle was a great neighbor and friend as we got to know him when we moved to Renton in 1988.

*I remember Gayle being basically a "grandpa" to the kids in the neighborhood as they walked to the bus stop or back home; actually, he was to three of them. He would "shout" at the cars that went too fast on our street to "slow down!!!" ( And for good reason with all the kids around).*

*I mentioned I needed new brakes on one of our cars one time and that I didn't know how to fix them. He said he had the tools I could use and he came over and talked me through doing one; then he said I could do it... if I needed any other assistance to just let him know and then he walked away. I did learn that day thanks to his help, his tools and to his guidance.*

*Jennifer and I are blessed for having known Gayle.*

*Amen.*

*Sincerely,*

*Gary and Jennifer*
