“ I only knew Kelly for the year I spent in 9th grade at CJHS before moving back to Arizona. Kelly was a genuinely kind, sweet, and authentic person. It makes me terribly sad to hear of his passing at such a young age. My deepest, heartfelt condolences to all who knew and loved him. He will be missed by many.

“ Kelly was one of the most talented people I've known. Not just his voice but also his physical abilities. He really should have been the quarterback in high school. He could hit a fly from 200 yards with a football. I'd also like to thank him for teaching me about some of my own weaknesses. I'm sorry you died too early.
