“ Dear Lynda and family,

My heart broke for you when I heard the tragic news of Mike's passing. I will hold on tight to the memories of sharing an apartment with both of you during the summer of 1976. We were so young and it was so much fun. Fast forward to the 50th reunion. Mike was so invested in making sure the reunion was a success. He was a big part of the monthly planning Zoom calls. I now know how I want to remember Mike. With his apron on and flipping burgers at the picnic, relaxed and smiling. The picture that Scott chose for our Facebook page was perfect. That Mike Noder is who I will always keep close. I am so sorry, Lynda, for the tragic loss of the man who loved you with all his heart.

Thank you, Mike. We are all better people because of knowing you.

“ *Very sorry to hear this about a Cheney alum and neighbor. We take many different paths in this life. Yet all meet again in a better place. Rest easy Mike*

“ *We have lost a voice that was not afraid to speak. A man that created laughter and enjoyment. A true leader devoted to helping others along the way. Rest in peace my friend. You will be missed.*

Kind, friendly, truthful in many ways, great laugh, and unafraid to stand against evil and unrighteousness. Bless you Mike for all you've done for others and humanity. Praying God opens his welcoming arms to you.
