“ I was and saddened to hear of Becky's passing. She was a very special girl. I had Becky in my Sunday School Class when she was about 5 yrs. old. She would sit with me before class. I would pick her up when indicated. One Sunday I didn't pick her up. When I sat down she whispered to me that I had "forgot her". I didn't "forget" her again. That memory is special to me. God's blessings to all the family. Delores

“ I remember Becky as we were growing up. The Bobysuds were like family to our relatives, the Layton family of Spangle, WA. We played with Becky and Darin. Precious family. Becky's smile was so infectious. We were honored to know her. Know that our prayers and love are with you. The Jamiesons - Vicki Collier, Troy Jamieson and Valerie Bunn
