“ Today is World Kindness Day and as we honor Stan's life I would like to thank the individuals that were at his side as he fought the good fight. In the past few months he shared his feelings about how much you helped him and his Pups.
His sister Gina and husband Mark, Grandma Nancy and her husband Otto.
Your kindness and support meant the world to him.
I am so sorry for your loss. Godless you.

“ Stan was such a fighter that cancer didn't stand a chance the first time around!

Watching him struggle through the second round was equally courageous but even when the chips were down he fought on.

Knowing him he's planning a comeback and returning to work as we attend his service this week. I take some peace knowing his battle is over and he is truly pain free for the first time in a long while is comforting.

I hope the fishing is good and the peacefulness made the battle worthwhile!

“ *My favorite Stan golf story.*

We were golfing at Indian Canyon and approached the next hole. Pro Chris Mitchell and sportscaster Dan Kleckner were filming the hole. We were asked to wait as they finished. The hole is a 288 yard par 4 uphill with a slight dogleg left.

Chris was explaining that it was best to lay up with a 5 iron, then a wedge to the hole. As they finished Stan teed off with his oversized driver and smashed his shot onto the green. Chris and Dan were both shaking their heads. Needless to say, I never did find my tee shot.

That was also our third golf course of that day. Like I said great memories, living life to the fullest.

Thanks Buddy!

“ Sorry, was not finished yet. Never will figure out these electronics, anyway

We were so much alike and talked similarly that folks assumed we were brothers..

Although I was blessed with three brothers Stan is more like me than they are.

You will always be in my heart little brother. I will care for your Pups as you cared for me. I am preparing homemade dog treats and food for the Dogs in your honor. I hope they enjoy it as much as you enjoyed our dining experiences.

Bon Appetit and farewell for now...Godspeed

“ Stan has been my closest friend since 1988. We worked and lived together during that time and what a time it was. Stan was a huge help in the kitchen especially during Banquets of 800 people. I taught him how to cook and he taught me how to golf. He was the better student. I am grateful to have been present when he hit his first Eagle at Deer Park Golf Club. A beauty from 185 yards. I think it was at this time that he became enamored with the number 8 as many of my scores were Snowmen.

I am thankful of all of the great memories I have of our time together.

Road trips to watch games in Portland and Seattle.

The Softball game when he threw out two runners at home in a win.

Water-skiing at Sascheen lake.

Coaching Little League.

Golfing with Stan his father Roger and my son. What a treat those outings were.

Stan was with me when my brother passed away. I did a lot of praying and thanking God for Stan as he was everything I needed him to be at that dark time. That was when I realized how fortunate the Children at Sacred Heart were to have him as their mentor.

Stan's favorite meal to prepare was his Chili Taco Salad, magnificio! Although that was the one meal he could not share with his Pups.

“ Stan was an incredible friend to me. I will cherish the fun we had at work together and how he'd always joke that I was his “grandma”, “maid”, and “housekeeper”. The kids loved him and he was so special to them. I am so grateful that I got to spend his last few with him. Truly one of a kind and he will always be in my heart. Your friend forever, Lyla.

“ Stan's legacy will be alive in all the children he was able to help and comfort. I was lucky to get to know Stan. He was kind, thoughtful, funny and irreverent. He was able to walk through life on his own terms. I will miss talking and making jokes with my friend. I offer my condolences to his family. Gina and Mark have always been kind to me. I am grateful they were able to care for my friend during his toughest moments. I am comforted knowing he is no longer in pain. Rest in peace my friend. I will say this to honor you for the last time. "Go Hawks!"
